

# United States: Peanuts

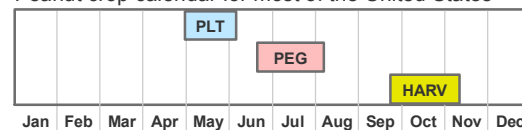

United States  
Department of  
Agriculture

*This product was prepared by the  
USDA Office of the Chief Economist  
World Agricultural Outlook Board*

- Major areas combined account for 75% of the total national production.
- Major and minor areas combined account for 99% of the total national production.
- Major and minor areas and state production percentages are derived from NASS survey data from 2010 to 2014.

Peanut crop calendar for most of the United States

The crop calendar was developed using NASS crop progress data from 2010-2014. This calendar illustrates, on average, the dates when national progress advanced from 10 to 90 percent.
